

Professor John J. Moore

Professor John J. Moore is a Materials Scientist who holds the position of Trustees' Professor and Head of Department of Metallurgical and Materials Engineering at the Colorado School of Mines (CSM). Dr. Moore is also Director of the interdisciplinary graduate program in Materials Science and Director of the Advanced Coatings and Surface Engineering Laboratory, ACSEL, an industry-university research center at CSM. Dr. Moore was awarded a B.Sc. in Materials Science and Engineering from the University of Surrey, UK, in 1966, and a Ph.D. (1969) and D.Eng. (1996) from the School of Materials of the University of Birmingham, UK. He was also awarded an honorary doctorate in 2003 from the Moscow State Institute for Steels and Alloys where he is also an Honorary Professor of Materials Science. Prior appointments held by Dr. Moore include Professor and Head of Department of Chemical and Materials Engineering at the University of Auckland, New Zealand, Professor of Metallurgical Engineering at the University of Minnesota, USA, and Manager of Industrial Engineering and Production Control at Birmingham Aluminium Castings Company in the UK. Professor Moore has published more than 550 papers in international journals on materials processing and has been awarded fourteen patents.
